ULTRALAST Green™

The Power Of Green™

Solar Charger
AA Solar Powered Battery Charger
Harness the Power of the Sun!

Solar Charger Solar Powered Charger

- Flexible charging power —use solar panel or batteries to charge:
  - Charge 2 AA rechargeable batteries with solar panel, or through the USB port.
  - Charge electronic devices through the USB port.
- Rugged, compact cover design for use indoors or out.
- Use clip hook for attaching to backpack or clothing, keeps batteries charged as you're hiking, walking, or doing any other outdoor activities.
- Kick-stand on back of charger allows solar panel to be angled in direct sunlight at different times of the day— will even charge through a window!
- LED indicator light illuminates to show charging direction—
  - LED glows green when IN/OUT switch set to "IN", batteries receiving power from solar panel or USB port.
  - LED glows red when IN/OUT switch set to "OUT", electronic device receiving power from fully charged batteries, solar panel turns off.
- Packaged in eco-friendly materials , including post-consumer recycled cardboard and recyclable PET plastic.
- Includes:

  2 AA UltraLast Green™ Everyday Rechargeables™ batteries

  Interchangeable USB cable

  USB, mini-USB, and micro-USB connectors
